EDUCATION

Sep 2022 - Apr 2024
CTU PRAGUE
- Electrical engineering
- Paused

SKILLS

- Practical Cybersecurity
- Python
- Medior knowledge of many tech stacks/languages
- CI/CD technologies
- Linux
- Hardware design
- Machine Learning
- Physics & Molecular Biology

LANGUAGES

- Czech (native)
- English (Fluent)
- German (Basics)

HOBBIES

- Climbing/bouldering
- Guitar, Piano, Banjo
- Cycling
- Working on side projects

PROFILE

I am a penetration tester specialized in automotive, IoT and Infrastructure. In my free time, I enjoy tracking the latest technological advancements and I am passionate about understanding them deeply at the intersection of Hardware and Software. I consider my broad knowledge in Computer Science and the speed of learning my most unique qualities.
